English because I can talk with many

people all over the world. Also, English

is useful when you travel abroad. When

I visited London, UK, I went to a

theater to see a play. Though it was

played in English, I could understand the

story and enjoyed it. Not only English,

but also Kyudo is my favorite thing. I

had practiced Kyudo for 13 years since

I was a junior high school student. I also

teach Kyudo at school. Please join our

Kyudo club and enjoy school life!
