October 29<sup>th</sup>

Kanuma World Festival was held in Kanumashokokaigishi (鹿沼商工会議所). We participated in this festival. There were various restaurants, such as Taiwanese, Vietnamese, and Korean. People made a speech about the world and danced an ethnic dance on the stage. It was very fun.

The Halloween party was held. Busy third graders also came over. Everyone brought sweets and Patrick, our ALT, gave us sweets too. Costumes were brought by Ms. Ohbori. We enjoyed Halloween movie, "Nightmare before Christmas", which Patrick brought. We watched it with Japanese subtitles. After that, we turned off the lights, lit up some candles, and played a game in a Halloween-like atmosphere. It was a lot of fun! At the end, we took the picture above. Looking forward to next year's and the Christmas party in December!

The newspapers are distributed to each class every day. We can read it to improve our Japanese skills and know the state of politics. Our recommendation is "Henshutecho (編集手帳)". It is very helpful. Let's read newspapers!!!!

Our school has various problems. One of the problems is the toilet's equipment. Especially, sanitary environment of water supply and floor is a big problem. Now there are cracks and dirt everywhere. What is the solution?

- ① We need to cooperate and use it cleanly

The courtyard of our school is unusual compared to other schools. It shows various faces according to the season. And this courtyard is a place for students to relax. Why don't you take a break in the courtyard?
