

On July 31st (Fri), Reiwa 2nd Year Family Club officer appointment ceremony and general meeting were held.

Every year, we participate in hydrangea festivals, volunteers for pruning hydrangea, community festivals, and other activities, but this year we cannot do outside activities due to the influence of the new corona. Even in such a situation, I decided to create a new approach, to be affectionate to everything, and to search for activities that show the spirit of service and the spirit of work.
